The Elangomats of Kit-Ke-Hak-O-Kut Lodge are essential to the success of the Ordeal weekend. Without members volunteering to be Elangomats the new member Ordeal could not be held.

On Friday night, the Ordeal Candidates arrive at the Ordeal event site with little information about the weekend. They form their first impressions while checking-in and being assigned to a clan lead by an Elangomat. These impressions can affect the rest of the weekend for the Candidates - either positively or negatively.

The Lodge depends on our Elangomats to ensure all new incoming members have a pleasant and rewarding Ordeal experience. To improve this first impression, we feel that it is necessary to register the Elangomats before the OA Weekend event and require that they be on-site by 6:00 PM.

I understand the importance of the Elangomats in Lodge 97 and promise to arrive at the OA Weekend by 6:00 pm on Friday night.
